

IMPORTANT: ONLY TO BE REMOVED BY HOMEOWNER

**Basic manufacturer care recommendations  
to maximize the performance of your  
Diamon-Fusion® treated shower enclosure**

**For best results** - Rinse the shower enclosure with clean water and wipe down any remaining droplets. You may also towel dry the surface or use a squeegee.

**Once a Month** - Wet the shower enclosure and use a nylon body puff to go over the surface until clean and smooth. Then rinse and wipe down any remaining droplets.

If you have not followed the basic manufacturer care recommendations, you may restore your shower enclosure with DFI's Express Care Kits or Consumer Maintenance Kits that are available from DFI Applicators and [www.shopdficom](http://www.shopdficom).
